

NEERAJ GUPTA

Senior Software Engineer / Senior React Developer | Pune, Maharashtra

8847624755 | gneeraj32595@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Senior React Developer / Frontend Lead with **3+ years** of experience architecting and building high-scale enterprise web applications, reusable component design systems, and AI-integrated platforms using **React.js, Next.js, TypeScript, JavaScript, HTML5, and CSS3 / Tailwind CSS**. Proven track record in frontend architecture, performance engineering (Core Web Vitals, SSR/ISR, bundle size reduction), micro-frontends/multi-tenant platforms, and leading modern frontend migrations.

TECHNICAL SKILLS

Frontend Core & Frameworks: React.js, Next.js (SSR / SSG / ISR), TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Tamagui, Shadcn UI, Redux Toolkit, Context API, React Query, React Hook Form, Zod

Performance & Architecture: Core Web Vitals, Webpack, Vite, Bundle Optimization & Tree Shaking, Multi-Tenant / Domain Architecture, Progressive Web Apps (PWA), Service Workers, Caching Strategies

Backend & Integrations: Node.js, Express, REST APIs, GraphQL, Redis Caching, Nginx, Cloudflare, AI / LLM Integrations (LiteLLM, Custom AI Gateways)

Tools & Methodologies: Git, CI/CD Pipelines, Azure, AI-Assisted Workflows (Claude, Cursor, AI Agents), Agile / Scrum

PROFESSIONAL EXPERIENCE

Bajaj Finserv Health Limited | Pune, India

Senior Software Engineer (May 2026 – Sept 2026)

- **Enterprise AI Gateway Platform:** Led frontend architecture and UI for the organization-wide AI Gateway (LiteLLM base) processing **~8M+ requests per month** and managing **\$10k/month AI spend**; implemented Role-Based Access Control (RBAC), Microsoft SSO, real-time Gemini streaming dashboards, and batch request handling.
- **Vidal Health Legacy Migration:** Spearheaded the end-to-end frontend migration of 3 legacy .NET internal portals to a modern React.js/Next.js stack within an aggressive **2-week timeline**, directing a team of 2 developers and employing AI-assisted coding practices. **Automated IT ID Verification Portal:** Designed and built a single-handed React web portal in 1 week to automate quarterly IT generic ID audits, reducing admin verification time from **~15 days to 1–2 minutes per quarter**.

Software Development Engineer (Nov 2024 – May 2026)

- **DRX Labs B2B Booking Platform:** Built a scalable **React-based B2B (NextJS + Typescript)** lab booking platform using **Module Federation** microfrontend architecture, supporting **10,000+ monthly bookings**. Reduced average booking time by **75%** through **optimistic updates**, efficient server-state management, and client-side caching.
- **OPD Claims Adjudication Pipeline:** Built frontend and processing pipeline components for Rajasthan state government OPD health claims, integrating LLM-based approval/rejection workflows operating at **1–2 million claims per hour**.
- **Call Pulse (AI Call Analytics):** Architected the React dashboard for Call Pulse, an AI platform analyzing **50,000+ monthly calls** with real-time speech transcription and sentiment analysis metrics (achieving **~90%** verified precision).
- **SDLC & AI Developer Tools:** Contributed frontend tools for internal engineering initiatives, including CodeWiki Builder, RCA Finder, and Fixer Agent (Cause & Refine AI).

Associate Software Development Engineer (Jul 2023 – Nov 2024)

- **Design Language System (DLS) v1:** Extended the open-source Tamagui component framework under a tight 3-week deadline to build a company-wide Design System and tokenized component library for the DRX app, collaborating with open-source maintainers to patch token bugs and boosting frontend developer productivity **3x**.
- **DRX Application Modernization:** Refactored high-traffic "Add Appointment" and consultation modules in the DRX doctor application, cutting application render times, integrating analytics, and standardizing UI across devices.
- **SEO & Performance Engineering:** Reduced backend API calls by **over 87%** (from 120,000 to 15,000) by implementing Next.js Incremental Static Regeneration (ISR) and Redis page/data caching.
- **Falcon 7B AI POC:** Developed claim adjudication POC fine-tuning Falcon 7B using the Lit-Parrot framework.

Software Development Engineer Intern (Jul 2022 – Jul 2023)

- **eClinic Multi-Tenant SaaS Architecture:** Solo-built a multi-tenant React/Next.js white-label SaaS platform enabling dynamic custom domains/subdomains using server-side middleware URL parsing, Cloudflare, Nginx, and dynamic SSL certificates.
- **PWA & Offline Capabilities:** Integrated PWA features with service workers and offline caching for clinic booking histories and Web Push Notifications, enhancing mobile patient engagement.
- **Bundle Optimization & Core Web Vitals:** Optimized Webpack bundles using Webpack Bundle Analyzer and tree shaking, reducing bundle size by **30–35%** and raising Lighthouse scores from **60–65 to 95–100** (achieving top-5 Google search indexing within 24 hours of launch).
- **Form & State Refactoring:** Refactored core booking flows with React Hook Form, Zod, and React Query, reducing code duplication by **40%** and increasing booking conversion rate by **35%**.

LEADERSHIP AND AWARDS

- **HackRx Flagship Hackathon Lead (2023 – 2026):** Spearheaded end-to-end execution of Bajaj Finserv’s annual hiring hackathon for 4 consecutive years; built Next.js landing pages/portals and automated communication/payout scripts. Honored with **Limelight (x1)** and **Director's Cut (x2)** awards.
- **Engineering Excellence Awards:** Honored with **Sharp Shark (x2)** and **Limelight (x1)** for key frontend and R&D achievements across DLS v1, self-hosted LLM portals, and Call Analytics.
- **Hackathon Recognitions:** Placed **2nd** in BASH (Cybersecurity) and Justice League (Design/Product) internal hackathons.
- **Team Award:** Recognized with the **Best Engineering Squad** award.

EDUCATION

Chitkara University, Punjab | Aug 2019 – May 2023

B.Tech, Computer Science Engineering | **CGPA: 9.94 / 10.0**

- Google Developer Student Club member and hackathon organizer; 3rd place in WEB-O-MANIA.
